Publications

As a support structure for the success of its programmes, the IRDEIC exercises control over [two proprietary collections](#); each one, within its domain, holds prospects for the institute's scientific research.

The IRDEIC's connections with major publishing houses (Dalloz, Bruylant, Economica, etc.) also provide it with valuable dissemination channels for its publications (go to the "[Publications](#)" on the French website: [Individuals](#) and [collective](#) publications) and its contributions to [renowned journals](#).
